About Us

Corporate Professionals (CP) is a group of dedicated, research-oriented, and skilled professionals delivering innovative corporate business solutions through an integrated model of legal, techno-legal, and financial consulting services since 2003.

Within the group, there are boutique advisory, consulting, and law firms that provide high-quality services in Company Law, Insolvency Law, ESG, Securities Laws & FEMA, Corporate Restructuring, Corporate Taxation, Domestic and Global Business Setup, Compliance Management, Documentation, and Regulatory Approvals.

The Group offers Investment Banking, Transaction Advisory, Corporate Funding, Valuation, and Business Modeling services through Corporate Professionals Capital Pvt. Ltd., a SEBI Registered (Category-I) Merchant Banker, and Corporate Professionals Valuation Services Pvt. Ltd., India's 6th IBBI registered Valuer Entity.

With a focus on providing holistic, efficient, and cost-effective solutions, the Group integrates its knowledge and expertise with Information Technology. The Group has extensive experience in handling complex transactions and has successfully completed over 15,000 assignments for more than 1,200 Corporate Houses, including PSUs, MNCs, Foreign Subsidiaries, Startups and 750 listed companies. The team maintains a high level of integrity, professional ethics, and confidentiality in all client interactions and assignments

ESG - Key offerings

At Corporate Professionals, we believe that sustainability is not merely an action but a fundamental way of life. The collective consciousness towards economy is expanding its horizon towards inclusion and drifting away from linearity. Also, the growing consumer awareness and demand for sustainably sourced products, transparency in standards and labelling of products and services, is making the corporates introspect and make relevant changes in their working model right from decision making within board rooms at creating a planet positive impact, without altering the profits.

The focus of our Sustainability Solutions and ESG Reporting Services, lies in seamlessly integrating sustainability into your daily operations, principles, and services, continually evolving our offerings that will enhance your brand reputation, increase stakeholder trust, solidify your foundation, make you resilient in a dynamic financial system, helping you increase your efficiency and decrease your operational cost in the longer run.

Our Sustainability Solutions and ESG Reporting Services is led by a dedicated team that embodies the essence of sustainability. We are eager to share our expertise, helping your organization achieve its sustainability goals through innovative and effective solutions.
