- Govt. is also promoting India as manufacturing hub with initiatives like Make in India, Start up India, MSME scheme and taking several measures to promote Indian export oriented businesses.

- The negative sentiment for Chinese products in India due to border tensions is also a big opportunity for Indian businesses

- Government introduced various initiatives with a vision of making India a self-reliant nation such as '**Atmanirbhar Bharat**'.

- Thus, entrepreneurs who have money and are optimistic for both cash and Stock Deal, can see this Pandemic as a great Shopping Opportunity;

- This is the right time for increasing capacity to take care of possible increase in demand or be ready for export opportunities coming to India in future.

- In this scenario of future opportunities, there are hundreds of businesses which are reeling under financial stress such Travel, Aviation, Tourism, Luxury Products etc. Most of them are available at lowest ever valuation.
